Neo Amese

Pretoria, Gauteng,0186 | 0659074711| ameseneo@gmail.com

I am currently a dedicated third-year student at Belgium Campus Itversity, studying a Diploma in Information Technology with a focus on software development/Web development. My goal is to conquer complex software issues and produce programs that are not only secure but also extremely efficient. I have a strong work ethic, an eye for innovation, and a strong desire to learn different programming languages. If given the opportunity, I am eager to use my talents and expertise to contribute meaningfully to your company's efforts.
